Office of the Food Controller and
Director of Civil Supplies in Mysore

Bangalore, Dated. 12th Nov. 1919

From

K. MATTHAN, Esq., B.A.,
Food Controller and Director of Civil Supplies in Mysore.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Govt. of Mysore.

Sir,

I have the honour to submit herewith a copy of letter No.D.2.Dis.444 of the 4th instant received from the Deputy Commissioner, Kadur District, proposing that the export of jaggery from the State may be brought under control. The matter came up before the Central Food Supplies Committee at its last meeting on a perusal of the proceedings of the District Standing Committee and it was considered by the Central Food Supplies Committee that it was unnecessary to bring the article under control. While the Government both here and elsewhere is gradually relaxing restrictions on trade, I do not think it desirable to bring in new commodities under control as proposed by the Deputy Commissioner. If approved the Deputy Commissioner will be informed accordingly.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director
of Civil Supplies.

KM/MPH.

Letter No. D2 Dis 444/19-20 Rev. dated 4th November 1919 from the Deputy Commissioner, Kadur District, to the Food Controller & Director of Civil Supplies in Mysore, Bangalore.

Subject No. V Bringing under control the export of jaggery outside the State.

RESOLUTION. As jaggery is used by poor people largely, and the price has gone up from one rupee, eight annas to three rupees and three rupees, eight annas, a maund the Committee is of opinion that its export should be brought under control.

In appending in the margin an extract from the Proceedings of the meeting of the District Standing Committee for Food Control held on the 22nd September 1919 re: the suggestion to bring under control the export of Jaggery in this District I have the honour to state that this article which was being sold at ₹1-8-0 per maund during the Sugarcane Milling Season has gradually gone up to ₹3-8-0 per maund at present owing to large quantities of the Stuff having been exported to Mangalore of the South Canara District and the poor people who use jaggery largely find it a hardship to purchase it at this rate. The Committee is therefore of opinion that this stuff may be brought under control to check its abnormal export by speculative merchants who will take advantage of the high prices and export as much as they can at the ensuing milling season.

2. If you agree sanction of Government may kindly be obtained for bringing the article under control.
